

Do your supply chain processes conform to U. S. Customs security requirements?

Is your cargo at risk of being held for security checks?

Could you lose sales?

Who Should Be Certified?

All importers and their supply chain partners involved in international cargo movement.

Why Choose SSP?

We will provide an experienced professional team to address your supply chain security process from top to bottom. We will discuss procedures, behaviors, measurement, and culture. We will provide you with our proven program to guide you through the C-TPAT certification process

What To Expect.

This process will typically require a series of onsite sessions and additional time for documentation and analysis. Depending upon the complexity of your supply chain, we commit to delivering your completed application within 30 calendar days of engagement.

Our Mission

STRATEGIC SOLUTIONS, PARTNERS is dedicated to providing the best consulting services at a fair price. We proudly develop close working relationships with our clients and strive to build lasting goodwill

WHO ARE OUR CLIENTS?

Typical clients are firms with multiple supply chain partners that are either directly or indirectly involved in the importation of cargo from foreign manufacturer or assembly sites; companies like:

Safeway
WW Grainger
Pacer International
Roadlink
XL Foods

Strategic Solutions Partners, LLC

World Headquarters
PO Box 2088
99 LaCuesta, Suite B

Certification

for

Importers

The Application Process

▶ Interviews

We will conduct interviews with selected staff and supply chain partners to collect, and document, data on current security processes as well as anticipated enhancements.

▶ Review and Analysis

Our C-TPAT professionals will review the data and provide you with an analysis of the findings based on real-world logistics experience.

▶ Site Visits

If required we will conduct onsite visits to your facilities to evaluate interfaces and methodologies and identify immediate improvements in your security process.

▶ Gap Evaluation

We will provide you with a rank order list of performance gaps with comparative metrics, where appropriate.

▶ Certification Application

We will provide you with a complete and accurate C-TPAT application.

Customs -Trade Partnership Against Terrorism Certification for Importers

C-TPAT Certification Project Outcomes

Internal Security Requirements to be updated/changed
